W. CLEMENT STONE - CHAIRMAN

April 5, 1984

The Honorable William J. Casey Director Central Intelligence Agency Washington, D.C. 20505

Dear Bilk 3 APR 1984

Your visit to Chicago Wednesday evening and appearance before the Mid-America Committe was terrific. While possibly somewhat bias, I do express the concensus of observations and conversations following the dinner. Frankly, it was my first opportunity to observe you on the stump in many years. Of course, in a non-political role!

Most seriously, you were superb and had a good representation of the "movers and shakers" in attendance. Had I been more aggressive, I would have asked how could we support you and the President more aggressively. To me, that's a message that needs to be communicated and you offered the opportunity to provide recommendations. I hope many will follow through.

Knowing we will not have the opportunity to work together again in 1984 on a regular basis, I hope you won't hesitate or ask others to call upon me if there is any way I may ever be of assistance ... personally, professionally or politically. In the meantime, however, keep up the good work.

With warm regards.

Sincerely.

Vice President - Corporate Relations
